Authorization:
To the best of my knowledge, the above information is complete and correct. I understand that it is my responsibility to inform my doctor of any changes. I authorize the use of my signature on all insurance submissions. Dr. Cherry or Dr. Reeder may use my health care information and may disclose such information to my insurance company and their agents for the purpose of obtaining payment for services and determining insurance benefits or the benefit payable for related services. Payment is due at the time of services unless prior arrangements have been made and approved. The Department of Health and Human Services has established a "Privacy Rule" to help ensure that personal health care information is protected for privacy. The Privacy Rule was also created in order to provide a standard for certain health care providers to obtain their patients' consent for uses and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient we want you to know that we respect the privacy of your personal dental records and will do all we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information and information about treatment, payment or health care operations, in order to provide health care that is in your best interest.

We also want you to know that we support your full access to your personal dental records. We may have indirect treatment relationships with you (such as laboratories that only interact with doctors and not patients), and may have to disclose personal health information for purposes of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use or disclosure of your personal health information, but this must be in writing. If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

If you have any objections to this form, please ask to speak with our HIPAA Compliance Officer.
